**Subject:** RE: [Ex. 9 Wells] Osage Meeting Tomorrow Afternoon

Good morning, Ken,

Quick note to say thanks again for taking the time to set up and lead our meeting with all the various agencies concerning possible [Ex. 9 Wells] storage in Osage County Wednesday afternoon. Tracy and I were delighted to personally meet everyone and learn of everyone's passions. We appreciate all the insight. We at CapturePoint Solutions look forward to working with EPA on proving the viability of [Ex. 9 Wells] storage in [Ex. 9 Wells] Osage County. Our quality of work and due diligence will be second to none! Our mission is safe and secure carbon sequestration as we strive to be outstanding environmental stewards.

Sincerest Regards,  
Keith

Keith –

We have reserved the Louisiana conference room on the 5<sup>th</sup> floor which can handle up to 20 persons, so Nick is welcome.

Right now on EPA's side, we'll have seven R6 UIC persons in the room: Chris Tingey (Osage UIC DI program lead), Arnold Bierschenk, Scott Ellinger, Brandon Maples, Brody Friesenhahn, Ian Ussery, and myself. It'll be a hybrid meeting with upwards of 50 people (Okla agencies, EPA HQ, and R6 staff) listening in via MS Teams. A few other R6 EPA staff may attend in person, but most folks will attend online.

Ken Johnson, PE

**Subject:** Ex. 9 Wells Osage Meeting Tomorrow Afternoon

Good morning Ken,

We are looking forward to visiting and discussing Osage County with you tomorrow. As previously discussed, we will have three participants on our side.

Tracy Evans, Ex. 6 Personal Privacy (PP) and myself. If you have additional space/chair available, we will bring Nick Jones.

Thanks,  
Keith
